Product size may vary +/- .5”. This product is being printed digitally in 4 color process (CMYK). The entire cloth is dye-sublimated and PMS numbers are used as a reference point and colors will be matched as close as the 4 color process can achieve, however it is not always an exact match. Do not expect the finished product to look like the colors displayed on your computer monitor. Please reference a PMS/Pantone book for graphic colors. It is recommended that PMS colors be assigned to spot color elements or a physical “match print” be provided if color is critical. If PMS numbers are not called out and the proof is approved on CMYK values only we will not accept returns for color discrepancies.
